SUPPLEMENTAL MATERIALS (Documentation needed)

Supplemental materials that are not generally known to be educational items require:

- Proof of class registration for home education attendance
- Home curriculum where the item is used in the materials list, within the curriculum.

Parent example: I am teaching my child the life cycle of a plant, at home. The formal curriculum that I submit has the following items listed on the materials list: soil, seeds, water, container, gloves, hand shovel.

ADA requires: After receiving the class registration/home attendance AND the formal curriculum, the ESA office approves all of the items on the materials list (soil, seeds, water, container, gloves and hand shovel) that was contained in the curriculum.
